

## Community Guidelines

Welcome to Sniffies, a platform designed to help you connect, explore, and embrace the cruising experience. These guidelines outline the expectations for behavior and interactions within the Sniffies community and should be read alongside our [Terms of Service](#) and [Acceptable Use Policy \(AUP\)](#), which governs your use of the platform.

By using Sniffies, you agree to follow these guidelines and all applicable policies, including the AUP. Together, we can create a space where everyone feels comfortable, respected, and free to explore.

### 1 **Minors Are Strictly Prohibited**

- Sniffies is strictly for individuals **18 years of age or older**. Minors are not permitted to create accounts, access the platform, or participate in any activities on Sniffies.
- Any attempt to create a profile as a minor, misrepresent age, or facilitate interaction with minors will result in immediate account termination and may be reported to authorities.
- Users are required to report any suspected minor activity or misrepresentation of age through Sniffies' reporting tools.

### 2 **Respect Others**

- Sniffies is a space for connection, respect, and mutual understanding. Treat all users with kindness and courtesy, both online and in person.
- Disrespectful behavior, such as hate speech, harassment, or discrimination, is not tolerated. Celebrate the diversity of our community and honor the preferences of others.

### 3 **Consent is Non-Negotiable**

- Consent is the foundation of all interactions on Sniffies. Always seek clear and enthusiastic consent for every activity, whether online or in person.
- Respect boundaries at all times—no means no. Consent can also be withdrawn at any point.
- Never pressure, intimidate, or coerce anyone into participating in any activity.

### 4 **Practice Discretion and Privacy**

- Be mindful of others when cruising in public or semi-public spaces. Not everyone is part of the Sniffies community, so keep interactions discreet and respectful.
- Respect the privacy of others—avoid behaviors that could draw unwanted attention to yourself, others, or cruising locations.
- Do not share someone else's personal information or identity without their explicit consent.

### 5 **Protect Your Safety**

- When meeting someone for the first time, choose a public or familiar location and let a trusted friend know your plans.

- Use discretion when sharing personal details like your name or workplace. Share only when you feel comfortable and safe.
- Consider using location-sharing apps or tools to ensure someone knows your whereabouts during in-person meetups.

## 6 **Embrace Inclusivity**

- Sniffies is a platform for everyone who enjoys cruising, regardless of identity, orientation, race, body type, or experience level. Celebrate the diversity of the community and support an inclusive, welcoming environment.
- Avoid shaming or judging others for their preferences, interests, or appearance. Everyone deserves a space to explore safely.

## 7 **Support Sexual Health and Wellness**

- Protect yourself and others by using condoms, PrEP, or other HIV and STI prevention methods that work for you.
- Get tested for HIV and STIs regularly and share your status with partners when appropriate.
- Take advantage of resources from local LGBTQ+ and sexual health organizations if you need advice or support.

## 8 **Avoid Harmful Behavior**

- Harassment, bullying, intimidation, or threats will not be tolerated. Treat others with respect and kindness.
- Do not engage in dangerous or illegal activities, including scams or deceitful behavior.
- Refrain from spamming, trolling, or sharing inappropriate content.
- All users are required to comply with the [AUP](#), which provides further details on prohibited activities and conduct.

## 9 **Use Sniffies Responsibly**

- Do not share explicit photos or videos without consent.
- Use Sniffies' reporting tools to flag inappropriate or unsafe behavior. Community safety is a shared responsibility, and your reports help us keep the platform secure.
- Follow local laws and regulations, especially when engaging in activities in public spaces.

## 10 **Enjoy and Explore**

- Cruising is about connection, exploration, and enjoyment. Stay open to new experiences while respecting the comfort and boundaries of others.
- Whether you're new to cruising or experienced, Sniffies is here to enhance your journey and provide a safe, supportive space for exploration.

These guidelines are here to protect and support everyone in the Sniffies community. Violations may result in warnings, account suspension, or removal from the platform.

If you have questions, concerns, or need assistance, please reach out to our support team. Thank you for being part of Sniffies and helping us create a safe, respectful, and fun place to connect and explore!
